ABOUT **KOSTA BODA**

MODERN GLASS DESIGN FOR THE CREATIVE HOME

Kosta Boda offers inspiring art glass and contemporary interior design objects derived from Swedish design tradition. Targeting modern lifestyle, the progressive assortment delivers premium products integral to everyday use. Kosta Boda has created glass since 1742. They produce well-designed products that fill homes and lives with a foundation to enjoy meals, drinks and socializing, and contribute to building environments where people want to live and create memories together.

CONTRAST

The Contrast series is manufactured using a technique called centrifugation. The technique, invented in Sweden's Kingdom of Crystal in the 1950s, creates veils of color inside the glass mass. In combination with the color powder and sticks added during the process, each piece becomes unique.

PAGOD

Pagod is a series of elegant vases made with an underlay technique used to create multiple layers in glass. The clear glass forms a shell over the colored glass, allowing its inner beauty to shine through. Beautiful inside and out, literally, Pagod is a temple for flowers and makes them soar to new heights. The collection is mouth-blown. Designed by Anne Nilsson.

**PAGOD VASE (M)**

SIZE: 13.5*13.5*25.5cm

Rs 9,000

**PAGOD VASE (L)**

SIZE: 15*15*16.5cm

Rs 11,000

THE ROCK

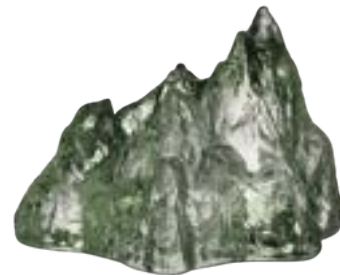

The Rock series was created as a tribute and paraphrase to the 50th anniversary of Snowball, Ann Wolff's iconic classic. The familiar, irregular surface is reused, but The Rock is a work of art in its own right. This votive is in bronze colored glass, with a dramatic silhouette and a contemporary color palette.

**THE ROCK VOTIVE PINK**

SIZE: 12*14*9cm

Rs 7,000

**THE ROCK VOTIVE GREY**

CRACKLE

LIMITED EDITION

Crackle and thunder – a magical wonder! It is a tribute to cracks, beautifully preserved in glass. The clear glass vase from the Crackle collection has an expressive, sculptural exterior created using an old handicraft technique where the hot glass is dipped in ice-cold water. The crackled surface reflects daylight and reveals its stories of fire, earth, and water. Designed by Åsa Jungnelius.
